

## Garden Plants for Blending

- Chaste Tree (*Vitex agnus-castus*):** a small tree to bushy shrub in the mint family with spires of violet-blue, purple, pink, or white summer flowers loved by bees and butterflies.
- Blue Diddley Chaste Tree:** a larger form with typical lavender-blue on densely borne stems that top out at 6 feet or so.
- Delta Blues Chaste Tree:** produces spires of rich purple-blue flowers on 8- to 10-foot plants set with elegant, relatively narrow-fingered leaves.
- Blue Puffball Chaste Tree:** forms a dense, 4-foot mound covered with deep sky-blue spires.
- Blushing Spires Chaste Tree:** prized for its abundant mid-pink spires on compact, mounded, 4- to 6-foot plants.
- Pink Pinnacle Chaste Tree:** bears shell-pink blooms and matures at 10 to 12 feet tall and wide.
- Silver Spire Chaste Tree:** a full-size cultivar with white spires.
- Shoal Creek Chaste Tree:** a full-size cultivar with deep lilac-blue spires.
- Le Compte Chaste Tree:** a full-size cultivar with sapphire-blue spires.
- Chinese Chaste Tree (*Vitex negundo*):** a small tree with less showy, airier flowers of purple-blue and lacy, deeply incised foliage.
